

FASTAID HEARTSINE PEDIATRIC PAD-PAK

Description

- For use on children from 1 to 8 years of age (under 25kg)
- Overrides CPR feedback due to a child's physique
- Four-year life
- Easy to replace battery and pads
- Plug and play device

FastAid's HeartSine pediatric Pad-Pak is designed with built-in intelligence to ensure the appropriate energy level is delivered for children between 1 and 8 years of age, or a child weighing up to 25kg. The cartridge has easy to replace pads and a battery, which provides a better alternative over relying on a battery that has been in a device for many years while also becoming a less expensive alternative over the life of the device
