

FASTAID R4 CONSTRUCTA MEDIC™ METAL CABINET FIRST AID KIT

Description

- White metal wall mount cabinet
- Quality heavy gauge steel
- TGA registered no. 128314
- 1-50 person low and high risk compliant
- Designed for large construction sites

The FastAid R4 Constructa Medic™ first aid kit is the ultimate kit for construction and civil applications, exceeding Australia's national Work Health and Safety (WHS) standards for workplace environments.

This first aid kit is designed for use in first aid rooms and complies with the most recent WHS regulations. It is suitable for low-risk work environments as well as high-risk areas such as construction and civil sites, covering up to 50 people on-site.

The R4 Constructa Medic™ first aid kit is packed with a comprehensive range of premium hospital grade contents and includes five additional modules for treatment of burn injuries, eye injuries and outdoor risks such as snake and spider bites. The outdoor module includes a full colour snake and spider bite identification and treatment guide and appropriate contents to effectively treat bites. The burns module includes extras such as hydrogel burn gels and dressings for effective burns treatment, including treatment guides.

Unique colour coded contents make locating the right item in an emergency faster and easier.

FastAid's first aid metal wall cabinets are built from a heavier gauge steel than standard to ensure they stand up to the rigours of the workplace. The organisation sleeve on the inside of the cabinet door provide space for you to place your high use first aid items and treatment guidance to ensure fast and easy access.
