FASTAID R4 REMOTE AREA MEDIC™ SOFT PACK FIRST AID KIT

FASTAID+
First Aid...for life

Description

- Red fabric soft pack
- Tough water-resistant backed fabric
- TGA registered no. 128314
- 1-50 person low and high risk compliant
- Covers larger remote worksites

The FastAid R4 Remote Area Medic™ first aid kit is the ultimate kit for larger remote worksites, exceeding Australia's national Work Health and Safety (WHS) standards for workplace environments.

This first aid kit is crafted for use in first aid rooms and exceeds the latest WHS regulations. It is compliant for low-risk work areas and high-risk remote locations, including mines and civil sites, accommodating up to 50 persons on-site.

The R4 Remote Area Medic™ first aid kit is comprehensively stocked with premium hospital-grade supplies with extras to comply to WHS remote requirements. It also contains five supplementary modules designed for treating burns, eye injuries, and outdoor hazards like snake and spider bites. The outdoor module features a full-color guide for identifying and treating snake and spider bites, along with the necessary components for effective bite management. Additionally, the burns module is equipped with items such as hydrogel burn gels and dressings, complemented by guides for efficient burn care.

Unique colour coded contents make locating the right item in an emergency faster and easier.

This highly portable and exceptionally durable medical-style soft pack case features internal compartments for organised storage and includes an adjustable shoulder strap for quick grab-and-go scenarios. Concealed backpack straps can be deployed to convert the kit into a backpack-style case. For enhanced visibility in dim lighting, the case's exterior is equipped with a reflective strip, making it easier to locate your first aid kit.

Compliance
