

FASTAID M2 EYE MODULE

Description

- Additional risk module for first aid kits
- Durable soft pack case
- TGA registered no. 128314
- Dedicated treatments for eye injuries
- Colour coded for easy identification

The FastAid M2 Eye Module serves as a dedicated supplementary risk module, designed to ensure that your first aid kit meets WHS high risk compliance requirements and is equipped with contents to treat eye injuries.

The Eye module, contained in a zippered, color-coded, and water-resistant soft pack, is designed to be compact and conveniently fits into any FastAid Easy-Refill or R2, R3, or R4 series first aid kits.

Contents designed to address common eye injuries are TGA registered and meet hospital-grade quality standards, ensuring peace of mind.

Ensures compliance to WHS regulations in workplaces that are exposed to eye injury risks.

Compliance

Green denotes compliance
