

# FASTAID STAINLESS STEEL SINGLE TREAD STEP

## Description

- Single tread step
- 150kg load limit
- Impervious plastic tread
- Stainless steel frame
- Rubber floor grips

The FastAid Stainless Steel Single Tread Step's are an essential item for workplace first aid rooms to assist with patient accessibility to examination beds.

Supporting up to 150kg, these steps are perfect for workplace first aid rooms, offering a practical and safe solution for reaching elevated areas and ensuring efficient medical care.

The robust stainless-steel frame is durable and rust-resistant, providing long-lasting use in workplace first aid room environments. Rubber floor grips offer stability and prevent slipping, ensuring safety when quick access is needed.

These steps arrive flat packed and require minimal assembly.
